Next Scheduled Board Meeting

May 11th, 2016

Located in the Water Company conference room.

Meeting locations are accessible to persons with disabilities

Bill receives the operator of the year award from OAWU Board President Mark Beam in Sunriver.

Field Tech Bill Hill awarded Operator of the Year by Oregon Association of Water Utilities

Sunriver, Oregon – The annual Water Operator of the Year award's purpose is to acknowledge and honor an individual who regularly goes above the call of duty. They represent the Oregon Association of Water Utilities (OAWU) through their work ethic, integrity and the servant attitude that they regularly demonstrate at their place of work. It is a privilege and honor to recognize the recipient of this award.

It is OAWU's privilege to acknowledge Bill Hill's professionalism, performance, attitude and care of Crooked River Ranch Water Company's water system. He takes pride in his work, is extremely conscientious, does not take shortcuts, is willing to learn, and shares the things he has learned with others. In addition to these, Bill is a hard worker and a delight to work with. This award was presented during the Awards Banquet at the OAWU annual conference in Sunriver and it is truly a pleasure to offer this award to such a quality person.

Applications for your Crooked River Ranch Water Company Board are available from now till May 23th.

This year we have one board position that is up for election. If you would like to become a member of the Crooked River Ranch Water Company Board of Directors now is the time to turn in your application. Water Project Update

On March 17th Landmarks pedestal crew finished pouring the dome that will become the bottom of the water tank. Over the next couple of weeks they will continue with some work on the inside of the pedestal and should be off site by April 18th. The steel team that will build the tank at ground level is schedule to start on April 18th as well.

The well test was scheduled to be performed on March 29th for the new well. This is a Oregon Water Resource and Oregon Health Authority requirement to ensure the dependability and viability of the new well. It also tests the impact that the new well may have in Well #1 if any.

Jack Robinson & Sons have not been working at the site for the past two months but we anticipate that their work will continue in April.

Landmark crew along with a local 3 person finishing crew, pour the dome at the top of the pedestal.

View from the Top of the Dome looking north.

We are looking for Nominating Committee Members for the 2016 board elections

Members of the nominating committee will assist in the recruitment of qualified candidates for the board, they will also verify the eligibility of each candidate according to the company By-laws. The board will make the final decision of the 4 members that will be on the committee and they will be announced at the May 13th board meeting. If you are interested in becoming a committee member please send an email to:

2016boardelections@crrwater.com

If you would like to apply to be on the CRRWC board we will start taking applications in April.
